- ❖ Bhawna Kanodia
- ❖ Devarinty Jagannath
- ❖ Peddapothula Gayathri
- ❖ Devlal Nandini

SUMMARY

- The hospitality analysis reveals a strong overall performance with total revenue of 1,709 million, driven primarily by weekday bookings and high demand for Elite and Premium room classes.
- Occupancy and capacity utilization both stand at 58%, while a 25% cancellation rate indicates room for improvement in booking retention.
- Atliq Exotica and Atliq Palace lead in revenue generation, while Atliq Seasons underperforms.
- Weekly revenue shows steady trends with minimal fluctuations, suggesting a stable demand.
- These insights highlight opportunities to reduce cancellations, enhance weekend appeal, and capitalize on high-performing hotels and room classes for revenue growth.

Key Takeaways

- **Weekday Advantage:** Weekday revenue and bookings exceed those of the weekend, suggesting business travelers may be a core customer segment.
- **High Cancellations:** A 25% cancellation rate is notable; reducing this could significantly boost revenue and occupancy.
- **Top Performers:** Atliq Exotica and Atliq Palace are leading in revenue, while Atliq Seasons is underperforming and may require targeted strategies.
- **Class Preference:** Elite and Premium rooms are in high demand, representing the largest revenue segments.
- **Consistency in Revenue:** Weekly revenue consistency points to stable market demand without significant seasonality impacts during the period analyzed.

THANK YOU !!
